**LIGHTSPEED DESIGN, INC. NOW BACKED BY INTELLECTUAL PROPERTY INSURANCE FOR
DEPTHQ® CINEBRIGHT™ HIGH BRIGHTNESS 3D POLARIZATION**

BELLEVUE, WA – April 5, 2016: Lightspeed Design, Inc. / DepthQ today announced that it has acquired worldwide intellectual property insurance for its DepthQ® CineBright™ 3D high-brightness passive polarization product through Lloyd's cover holder, Intellectual Property Insurance Services Corporation (IPISC).

Chris Ward, President of Lightspeed Design said, "The issuing of this policy confirms the unique design of our DepthQ® CineBright™ product. The minimum one million dollar policy was only made available after an extensive and sophisticated legal analysis, reviewed by independent third party intellectual property experts."

DepthQ® CineBright™ is a high-brightness passive polarization solution for 3D digital cinema. The unique design includes patented and patent-pending technologies in the key intellectual property territories of the United States, Canada, and the European Union. Stereoscopic Light Recycling Device: US14160509, CA2907565A1, EP2959341A1

IPISC has been in the business of protecting client's IP assets for 25 years and is a worldwide leader in intellectual property insurance and services, serving clients ranging from Fortune 500 companies to individual inventors.

Lloyd's is the world's insurance and reinsurance market specialist, bringing together an outstanding concentration of underwriting expertise and talent. It is often the first to insure emerging, unusual and complex risks.

Lightspeed Design, Inc. / DepthQ®, located in Bellevue, WA, USA, has 23 years of experience in 3D film & video production and stereoscopic 3D technology development. Our knowledge and expertise allows us to create immersive, impactful experiences and precise technology solutions. DepthQ® is a registered trademark of Lightspeed Design, Inc.
